Paint and bake sign letters in one machine

WHAT IT DOES

- ✓ Three spray guns on a 3-axis head
- ✓ Sprays four sides of every piece
- ✓ Adjustable spraying speed and area
- ✓ Cleans its own spray guns and pipelines
- ✓ Paints and bakes in the same machine
- ✓ Water curtain handles overspray

PAINTS Acrylic ▪ PVC ▪ Plastic ▪ Metal ▪ Wood ▪ Mini letters ▪ Precision letters

Stop painting letters by hand.

One operator loads the pieces. The machine does the spraying.

The same spray pattern on every piece, first to last.

Small job? Use the detachable 500 ml paint can.
